

Nosara Dinning

A choice for everyone. Nosara offers a variety of dining experiences as a result of its diverse mixture of cultures from Europe, the Caribbean and Mexico. Diners can find a variety of tastes to wet their palate, ranging from traditional Greek food at La Luna restaurant to pizzerias. Other restaurants offer healthful choices for vegetarians and those interested in macrobiotic foods, such as Oasis Natural Foods. Dining options cross the board, from \$3 bacon, egg and gallo pinto (rice and beans) plates at Rosi's to high-end Italian dining at La Dolce Vita. Of course, there is plenty of traditional Costa Rican fare as well as American favorites including burgers and chicken fingers. For a great steak or giant pork chops, stop by Marlin Bill's. Or visit Freddie's to feed a pizza craving or for a taste of authentic local cuisine. Nightlife is alive in Nosara. Visitors can find live bands at local hangouts like Gilded Iguana or Bar Casa Tuscan where they serve Margaritas on the rocks as well as American cuisine. Or check out Blew Dog for a friendly game of billiards. Most, if not all, businesses accept U.S. dollars, Visa, MasterCard or the local currency, the colones. However, visitors can only access cash in colones at one of the several local banks by using a Visa or MasterCard along with the credit cards' pin numbers. ATM cards are not accepted.
